

President Sue Rath sack called the June meeting of the WLPA to order at Willow Pond B & B.

Treasurer Carol Heacox read the treasurer's report. There are 31 riparian lanes paid for along with membership fees and donations as income. The increase in fees has helped us prepare for this summer's harvester expenses as well as the required upcoming lake survey. Expenses were announced as well.

Sunshine Report: Randy Faulks is recovering from a stroke so a card will be sent.

The Iola Car Show, July 10, 11 and 12th is coming up. This Monday the 16th, our club will be setting up tables, etc. which will take approximately four hours. We will meet in Iola on the grounds at 9:30. If anyone needs a ride, please contact Bob Rehm at 414-559-0856. In addition, June 24th is the "bag stuffing" day and volunteer hours give our club credit (\$). **Volunteers will also be needed all three days for the car show for food sales and cashiers.** Please let Bob know what days/hours you can volunteer. Shifts run 10am - 3 pm and 3 pm to 8 pm each day. It's fun!

Harvester Updates: Dave Thomas reported that the harvester, with our new driver, ran all last week on the north, east and west of the island so far and all is working well. Except for the dump truck, the old (1966 era) hydraulic pump went out and our special repair guys (Dave Thomas and Bob Kieffer) deduced the least expensive and best repair was an electric pump. The idea was discussed, a motion to approve its purchase was passed. It takes about 3 weeks for the harvester to clean our lake lanes and about 3 hours to fill the harvester with weeds. With the dump truck out, the contingency plan is that weeds will be taken to Bob K's place.

Harvester Contingency Plans: Sue put forth the idea of reaching out to members/neighbors/friends for someone mechanically inclined to train/mentor with Dave and Bob, for future support for our aging machines. If anyone knows of an appropriate person for this role, please contact Sue at 920-698-2372.

As decided at the last meeting, our annual Spring Bash will not be continued.

A round of applause was given to our dedicated mechanics, Dave and Bob, (along with Keith LeComte) who have been *invaluable* in keeping the harvester running so we can ALL enjoy our beloved White Lake. Appreciation was also given to Bob Rehm for his years of organizing the Iola Car Show, as well as Debbie Sitter and Sue Rath sack for their tireless efforts in the Spring Bash events. Kudos to you all!

Note: no July meeting. Next is August 11th, 4:30 at Willow Pond B & B.

Carol Bentley,

Secretary
