*Harvester-Bob Rehm is working on the Harvester Loads Report for the DNR

*Membership Fees- membership forms will be mailed later in Jan/Feb

*Old business: discussion concerning the potential winter burning of cattails ensued. Other options, besides burning would be cutting cattails to ice level. If we have a nice cold spell and the ice is good this year, we are hoping to explore this. All depends on the weather.

*New business: the upcoming election of board members is in March with 3 openings. The President Position, VP Position and Sunshine Committee will also be open for election. Contact Sue if interested (suerathsack@gmail.com). Please consider helping out! Sunshine Committee could be filled NOW. Please let Sue know if you are interested!

*Next meeting is Monday Dec 9 at 6 pm at Willow Pond to discuss raffle ticket items for the Spring Bash. This year the raffle will be straight cash, so selling lots of tickets should be a breeze 😊
